Artist trading cards (ATCs) is a conceptual art project initiated by the Swiss artist [M. Vänçi Stirnemann](#) in 1997. He called it a *Collaborative Cultural Performance*. Artist trading cards are 2½ by 3½ inches (64 mm x 89 mm) in size, the same format as modern [trading cards](#) ([hockey cards](#) or [baseball cards](#)). They are self-made unique works or small series, signed and dated on the reverse by the artist/producer, exchanged and collected by the people who participate in the collaborative performance.
